

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Lamar High School, a Class A high school in the southern region of Darlington County, has a population of 269 students in grades 9-12.

Its academic program consists of a comprehensive curriculum of college prep, honors level and advanced placement courses, as well as dual credit opportunities (courses for high school and college credit) in which students may enroll. Our town is very rural with a very limited amount of industry. We have a student population of around 65% African American, 33% Caucasian and 2% Hispanic. Contact numbers for the majority of our parents change often. This requires us to use other avenues to get information to and from our parents.

The mission of Lamar High School is to prepare all students to become competent, responsible, and productive individuals by providing challenging educational and extra curricular opportunities in a positive, safe environment supported by the community.

Our Beliefs are:

Parents are the first teachers; therefore, we must employ family and community resources to ensure student success.

An environment that emphasizes safety, mutual respect, and academic focus is necessary for learning.

Everyone has the capacity and the responsibility to learn more than they are presently learning and at a higher level.

Family, school, and community expectations affect learning and achievement.

Cultural sensitivity is essential to success and well being in our global society.

All faculty, staff and community must be dedicated to the success of every student.

All stakeholders must be dedicated to preparing students to become productive members of society.

We have made good strides in our mission, but we still have a lot to accomplish. We reach a lot of our students, but we do not reach every student. A lot of our faculty and staff embody our beliefs, but not 100% of our faculty and staff are on board. We continue to strive to improve and make necessary changes and improvements in order to improve as a school.

Course offerings in visual and performing arts, as well as vocational completion programs, available through the Darlington County Institute of Technology, enhance the academic program at Lamar High School. The extracurricular programs at Lamar High School add the finishing touch needed to provide a well rounded educational experience for our students.

Among the numerous academic accomplishments of the Lamar High Silver Foxes, during the 2014-15 school year were the following: 32% of our students made the honor roll each quarter. 41% received awards at the annual academic ceremony.

KNOWLEDGE

Average ACT Score Achieved by Students: English, Math, Reading, Science, Composite of all four tests, 2015

Average ACT Score Achieved by Students: Writing

The ACT, a college readiness assessment, was given to every South Carolina 11th grader in 2015 with the exception of those eligible for alternate assessments. The ACT scores range from 0 to 36. The district and state averages are included for comparison. State averages for ACT data are based on regular public schools and do not include private schools in the state.

Percent of Students Meeting ACT College-Ready Benchmarks, 2015				
English Benchmark Score: 18	Math Benchmark Score: 22	Reading Benchmark Score: 22	Science Benchmark Score: 23	All 4 Subjects
22.2	7.4	14.8	1.9	0

ACT benchmarks are scores on the ACT subject-area tests that represent the level of achievement required for students to have a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in corresponding credit-bearing first-year college courses.

Percent of Students Meeting Platinum, Gold, or Silver Threshold on WorkKeys, 2015

ACT WorkKeys is a job skills assessment system measuring "real world" skills that employers believe are critical in the workplace. The assessment is given to every South Carolina 11th grader with the exception of those eligible for alternative assessments. The assessment consists of three subtests: Applied Mathematics, Reading for Information, and Locating Information. Students can earn certificates at the Platinum, Gold, Silver, and Bronze level on WorkKeys assessments.

The ACT is a registered trademark of ACT, Inc.
